MEMORANDUM FOR: Deputy Director of Personnel for Special Programs
SUBJECT : Program Call FY-1973-77

Ben:

1. Contract Personnel Division has no new material to add to this year's Program Call.
2. Looking at your last year's Program Element, a progress report is due on the non-staff annuity program:

During FY-71 the Office of Personnel proposal was coordinated with each Directorate Deputy and approved by the Executive Director-Comptroller. OP began work preparing written guidelines to implement the program. However, action was suspended in early October pending the outcome of a Congressional Bill which, if enacted, will have a direct impact on our program. The Bill (S2984) will allow creditable service towards Civil Service Retirement for contract time spent under the Social Security System which heretofore has been completely non-creditable. The Bill has passed the Senate, has been approved by a subcommittee of the House and is presently on the House floor.

3. Per our discussion this morning, I defer to you re last year's request for two positions to service the Secretariat of the Agency's Administrative Allowance Committee by FY-73. As you know, I now think one Committee Secretary is sufficient if it is the right person. Also, CPD is currently in balance between permanent people and total positions.
